By selecting the gold sponsoring package, your name will appear in the programme next to the hosted activity and a 2 minute presentation by the sponsor will be granted to introduce the activity. Every sponsor is free to choose the activity to host on a first-come first-served basis.

**COVID-19 support readjustment

Due to current vaccination rates, we are fully convinced that the EYChem 2022 will take place in person. Nonetheless, if it needs to be held online, the support packages will be reduced by half of the shown prices.

Thank you for your consideration. We look forward to this memorable event and appreciate your support in making it possible!
